ELECTROCLAVE™ UV-C DISINFECTION SYSTEM

The ElectroClave:

- Increases practitioner's hand hygiene effectiveness
- 0% Material Degradation
- 0 Ozone
- 360-Degree LED UV-C Disinfection
- Technology provides further visibility into staff, device, and patient interaction
- Produces user Audit trail for regulatory compliance
- Available with 2, 3, and 4 chamber stations

Mobile Technologies:

- Vocera Badges
- Tablets (iPads, Surface Pros, etc.)
- Handheld Scanners (Zebra, Honeywell, Datalogic, etc.)
- Smartphones (iOS, Androids, etc.)
- Two-way communication devices (Ascom, Voalte, etc.)
- Dictation Microphones
- Other High-Touch Equipment & Personal Items
(Please contact for any specific use cases)

The ElectroClave™ achieves a 99.9% reduction of Staphylococcus, Escherichia coli, MRSA and CRE on hard, nonporous surfaces.

MEDICAL-GRADE SCREEN PROTECTORS CUSTOM CUT TO FIT ANY SCREEN SIZE

HEALTHCARE®

Seal Shield™ Screen Protectors are purposefully constructed using patented, multilayer technology. Seal Shield screen protectors are composed of a unique three-layer design for added tensile strength to protect against dings and scratches. Screen protectors are UV resistant and compatible with medical-grade cleaners & disinfectants. This enables the adequate disinfection of any high-touch screen in any environment without causing damage to electronics.

****This screen protector contains an antimicrobial agent to prevent microorganisms from degrading the product.***
